GERMAN AIRSHIP FLEET RAIDS THE ENGLISH COAST SECTION SEVENTY-SIX KILLED, HUNDRED AND SEVENTY-FOUR HURT

Fatalities and Injuries Greatest Among Women And Children. Second Raid Made in Three Days on Same Section.

ROYAL FLYING CORPS PURSUES DIRIGIBLES BRINGING BOWN PIRATES OF THE AIR

Congress Reforms Materially the Tax on Automobiles, Striking Out the Manufacturers' Tax and Placing it Upon the Person in Possession of Machines.

London, May 26.—(Associated Press Cable)—German airships to the number of about sixteen raided southeast England on Friday evening, according to an official statement issued today. Seventy-six persons were killed and 174 persons were injured.

Nearly all the damage occurred in one town, where some bombs fell in the streets, causing considerable casualties among the civilian population.

Of those killed, twenty-seven were women and twenty-three were children, while forty-three women and nineteen children were injured.

Airplanes of the Royal Flying Corps went in pursuit, and the raiding craft were engaged by fighting squadrons of the Royal Air Service from Dunkirk on their return journey.

The Admiralty reports that three enemy airplanes were shot down by the latter.

SECOND IN THREE DAYS

This is the second German air raid on England within three days. On Wednesday night four or five German aircraft flew over the eastern English counties and dropped a number of bombs, killing one man.

For six previous months, no attacks on England had been made from the air, following two disastrous raids in which three Zeppelins were destroyed.

GERMAN ANNOUNCEMENT

Berlin, May 26.—(Associated Press Cable)—German air squadrons yesterday dropped bombs on Dover and Folkestone, says the announcement issued by the German War Department.

Dover is a British naval base of great importance. It is situated on a small bay at the eastern end of the English Channel, directly across the water from Calais. The population, including the garrison, numbers about forty-five thousand.

Folkestone is a municipal borough in Kent about seven miles southwest of Dover. The town lies on hilly uneven land and is irregularly built, with many steep streets. It is a well known watering place and has a good harbor, which is used for mackerel and herring fisheries. Folkestone has a population of about 35,000.

THE AUTOMOBILE TAX SHIFTED BY CONGRESS

Washington, May 26.—(Associated Press Dispatch)—Elimination of the five per cent manufacturing tax on automobiles in the war tax bill, as passed by the House, and substitution of a license tax at a rate yet to be fixed upon motor vehicles, payable by those having possession, was decided upon today by the Senate Finance Committee.

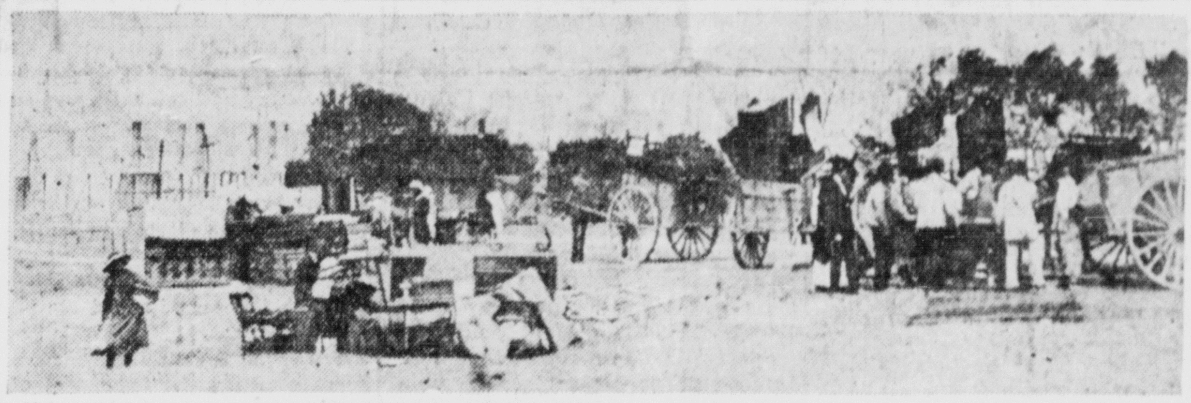

The income tax section as first drawn, including the two per cent normal tax and the House committee's surtaxes, also were adopted by the Senate committee.

It struck out, however, the increased surtaxes on incomes over \$40,000, added in the House on amendments by Representative Lenroot of Wisconsin. The retro-active tax of 33 1-3 per cent upon incomes taxes in 1916 had previously been eliminated by the committee.

The committee's action today in rejecting the automobile tax was said to be the forerunner of further reductions of the five per cent taxes on special industries.

Committeemen said they now expect further changes in the income tax rates, which will stand virtually as drawn by the House Ways and Means Committee.

ATLANTA WILL REBUILD THE FIRE SECTION AT ONCE

TWO VIEWS OF ATLANTA'S GREAT FIRE

With relief work well under way and large sums subscribed for the immediate aid of sufferers from the \$3,500,000 fire plans were made to begin rebuilding at once the burned section in northeastern Atlanta. Telephone linemen went through the devastated district cutting away wires that might endanger lives, while the street car company began to clear its tracks and city wagons to move the rubbish from the streets.

Relief organization are busy. Families which had become separated were brought together by Red Cross workers, and their furniture was taken from vacant lots and from sidewalks around the fire lines. A hail storm and heavy rain caught quantities of household effects still unsheltered and added thousands

of dollars to the loss. The flames destroyed 1,563 buildings, according to the calculation of real estate and insurance men. Most of the structures were private residences, but several apartment houses, churches and retail stores were burned.

Upper picture shows part of fire at its height; lower, moving household goods away from the flames.

COMPROMISE ON CENSOR PROVISIONS

Publication of Military News Will be Forbidden.

By Associated Press Dispatch.
Washington, May 26.—A new compromise provision for newspaper censorship was agreed upon today by the conferees on the espionage bill. They regard it as greatly modifying the one agreed on yesterday.

The new draft proposes that Congress shall prohibit publication of military information, but not that regarding "equipment" of the armed forces; and instead of authorizing the President to make censorship rules and regulations, confers upon him merely the power to permit publication of matter prohibited by the section.

WEATHER

Washington, May 26.—(Associated Press Dispatch)—Weather for the week:
Partly overcast, with frequent showers. Cooler by Sunday night and Monday, followed by seasonal temperatures thereafter.

FIVE KILLED WHEN TRAIN HITS AUTO

By Associated Press Dispatch.
Akron, O., May 26.—Five Akron automobilists, three men and two women, were killed late last night when an Erie passenger train crashed into their machine on a grade crossing at Mantua, Ohio, near Ravenna.

Two others suffered severe injuries, and one is not expected to live. The young people were returning to Akron when the accident occurred. When the car reached the crossing at Mantua, the driver of the machine failed to see the speeding Erie train coming from the south. The pilot of the engine struck the automobile when it was directly upon the tracks. None of the passengers had time to jump. The wreckage of the automobile with its five victims was carried several hundred feet down the track.

THE VICTIMS.

The dead are: David F. Munson, W. E. Van Horn, James Barton, and Mary Harris, of Akron, and Beulah Snodgrass, of Wheeling.

STILL DEBATING ON FOOD PROBLEM

By Associated Press Dispatch.
Washington, May 26.—Congress continued to debate the Administration food bills in both Houses today. No other subject connected with the conduct of the war contains such an intimate interest for the American people, and the fact was recognized by the nature of the discussion, which covered a wide range. The first bill, proposing methods to stimulate production, is to be first under consideration, while the committees are at work on another bill to provide machinery of a food administration to be headed by Herbert C. Hoover.

VIOLENT COUNTER ATTACKS

British Better Their Positions.

By Associated Press Dispatch.

On the front in northern France, the Germans are making desperate efforts to drive the French from the vantage points they have recently gained in the Craonne region.

The French are standing fast, however. An instance of their holding power was given last night, when they maintained intact their salient positions east and west of Cerny.

In the Champagne, the French themselves were successful aggressors in enlarging considerably their positions on both sides of Mount Carnillet, and taking 120 prisoners.

The British on their front, also, are pursuing nibbling tactics. General Haig reports slight improvement of the British positions on the right bank of the Scarpe, east of Arras.

New reactions by the Germans may be in preparation between Croisilles and the Scarpe, as an increased activity of their artillery in this sector is reported.

"HUN" PEACE MOVES CONNECTED WITH KINGDOM'S POLITICS

COUNT KAROLYI (UPPER)
AND COUNT APPONYI

The Slav press bureau in the United States asserted that the resignation of Count Tisza as premier of Hungary was intended to deceive the allies into thinking that the central powers were desirous of peace. The statement went on to say that a Magyar successor would be appointed who would appear to be more favorable to the allies, but in reality would support Tisza's war policies.

It was also asserted that the two Magyar factions, represented on one side by Tisza and on the other by Andrássy, Karolyi and Apponyi, were united in their purposes to maintain the Magyar hegemony in Hungary. The war was favored by both parties because of the opportunity it gave to subjugate the non-Magyar majority in Hungary. The upper man in the pictures is Count Karolyi and the lower is Count Apponyi. Both have visited the United States and are leading statesmen of Hungary.

TREASURY REDEPOSITS LARGE SUMS

Big Subscribers to Liberty Loans Are Chosen as Depositories.

By Associated Press Dispatch.

Washington, May 26.—The Treasury today began the practice of re-depositing a portion of the proceeds obtained from certificates of indebtedness by placing \$128,593,000 among the various banks and trust companies which subscribed to the latest offering of \$200,000,000 in short term certificates of indebtedness.

This practice is in line with the announced policy of returning to the money market such funds as are not immediately needed to finance war needs.

Most of the banks taking the deposits are in New York and the East. A number of other banks notified the Government that such deposits were not desired.

The money in this case will remain on deposit possibly ten days, until it is needed by the department to meet American or Allied needs, when it will be withdrawn with accrued interest at two per cent.

TRADES UNION TO CONFER SOON

(Associated Press Cable.)
Copenhagen, via London, May 26.—The Berlin Vorwaerts announces that the Central Committee of the International Trades Union organization at Amsterdam has summoned an international congress for June 8 at Stockholm. The program includes both labor topics and peace.

MAN IS CHOSEN

By Associated Press Dispatch.
Washington, May 26.—Dr. L. S. Rowe, professor of political science at the University of Pennsylvania, has been offered the assistant secretaryship of the Treasury, in charge of customs. Dr. Rowe would succeed Andrew J. Peters who resigned in March. Treasury officials have not heard definitely from Dr. Rowe as to whether he would accept the offer.

S.-S. HIGHWAY IS DEFINITELY SETTLED UPON

Bright Future Is Seen for Highway Passing Through This City Over Circleville and Wilmington Pike—Old Stage Coach Days Recalled.

Virtually the complete route of the Sherman-Sheridan Highway has been established, and it passes through this city over the Wilmington-Circleville pikes, with a loop from Hillsboro connecting with the main highway at this city.

The route of the highway was located at a recent meeting of the governors of the Sherman-Sheridan Highway Association, and is established through the following towns between Cincinnati and Zanesville.

Milford, Goshen, Butlerville, Clarksville to Wilmington, with loop from Goshen by way of Blanchester and Cuba to Wilmington. From Wilmington the road passes eastward through Sabina, Washington C. H., New Holland, Circleville, Amanda, Lancaster, West Rushville, Rushville, Somerset, Fultonham, White Cottage and thence to Zanesville, following the old Zanesville and Maysville pike from Lancaster to Zanesville. The southern loop of the road runs from Milford through Elenor, Newtonville, Fayetteville to Hillsboro and Greenfield and it is proposed to extend this loop to the main line at Washington C. H., as soon as Highland and Fayette counties organization agree on the line to be followed. The governors also made a provisional loop from Lancaster by way of Bremen, Lexington, Junction City and Crooksville, the same to be established when the road on this loop is made serviceable.

Two pikes, famous in the transportation history of Ohio form a greater part of the main line of the Sherman-Sheridan route between Cincinnati and Zanesville. The old Wooster pike forms the main line of the road from Cincinnati to Washington C. H., and the Zanesville and Maysville pike from Lancaster to Zanesville.

Much interesting history of early-day transportation may be found along the line of these two famous roads and each was used for visit and travel by stage, and the covered wagons of the early pioneer as he drove his way deeper into the forest of the south and west when adventurous spirits were driving their way from Cincinnati up the trail in the White Water Valley of Indiana that is now the fam-

ous Hooster-Dixie Highway, others were forcing their way along the trail to the northeast that is now the Wooster pike and an important line in the Sherman-Sheridan Highway.

Early settlers needed transportation from Maysville on the Ohio river and Zanesville, and the Maysville and Zanesville pike was built, and this famous old road is another important link in the Sherman-Sheridan Highway, which, in the near future, will be one of the great thoroughfare roads in Ohio.

MEMORIAL SERVICES AT BAPTIST CHURCH

Preparations are being made for a large attendance, and a splendid Memorial Day program and sermon at the Baptist church Sunday morning at 10 a. m.

Members of the B. H. Milikan Post, the John M. Bell Post, the Sons of Veterans, Spanish War Veterans, Company M, the Ladies of the G. A. R., the Women's Relief Corps, and Daughters of the American Revolution, will be present.

Unusual interest and attraction centers in this occasion this year, on account the great world war, let us honor the "Old Soldiers." Let us awaken patriotism for preparation and victory in our war.

REV. J. A. LONG IS SIGNALLY HONORED

The many friends of Rev. J. A. Long will be glad to learn that he was honored at the recent state convention of the Churches of Christ by being elected second vice president of the Ohio Missionary Society. About twelve or fifteen years ago Mr. Long began the Christian life in the Church of Christ in this place and is now pastor of the church at Mt. Vernon which has a membership of about one thousand.

SAVINGS PLAN IS PROVING POPULAR

Dozens of school children, highly enthusiastic over the savings plan recently started in the schools of the city, have been flocking to the various banks of the city deeply interested in adding to their savings accounts, and already some of the youngsters, starting with ten cents, have several dollars to their credit.

The youngsters are taking to the thrift plan like ducks to water, and the results are highly satisfactory both to the teachers and the parents of the youngsters.

D. A. R.

The Daughters of the American Revolution have been invited by Rev. Hart to the Memorial service at the Baptist Church Sunday morning, and will attend in a body. A good attendance is desired.

NEW MALLOW STABLE OFF TO BIG RING

Mr. Wert Mallow, With the Largest Bunch of Flyers Ever Shipped From This Point, Left Saturday Afternoon.

The largest bunch of fast horses—The New Mallow Stables—ever shipped from this county and one of the largest "strings" of blue ribbon harness horses ever shipped from any point in this country, left Washington C. H. this afternoon by Adams Express over the Pennsylvania railroad at three-thirty o'clock.

The horses have been in training at the fair grounds all spring under the direction of Mr. Wert Mallow, and leave here under his care for the long campaign in the "big ring"—the Grand Circuit—after preliminary and further preparatory campaigns on the smaller circuits.

Mr. Mallow, now really a veteran among the grand circuit reinsmen, will do most of the driving and that, of course, insures that everything possible will be made of the promising prospects and seasoned horses in the string.

The first stop will be at Wooster, Ohio, and then on to Granwood—Cleveland—and by easy stages along until the big meetings open.

There are twelve horses in the stable, including the following well known performers, and "green horses":

Kate McKinney (pacer) 2:04 1-2; Billy Fair (pacer) 2:08 1-4; F. A. L. (trotter) 2:10 1-4; Black Wreath (pacer) 2:10 1-2; Alation (trotter) 2:15 1-4; Ormonde Rose (trotter) 2:15 1-2; Jay Billiken (trotter) 2:29 1-4; Carrie New (green trotter); Pat Elder (green pacer); Belle Wreath (green pacer); Golden Bond (green pacer) by the Bondsman; and Dr. Burns Jr. (pacer) 2:05 1-4.

Entrance in the rich stakes of Ohio and Pennsylvania has already been made and Dr. Burns Jr. is entered for the big Board of Commerce stakes at Detroit, Michigan.

With Mr. Mallow will go a young army of assistants, Mr. Wert Compton as assistant trainer; Mr. W. C. Bevan as blacksmith and eleven caretakers.

The usual number of local "super-numeraries" will attach themselves to the big stable at each stopping place.

Mr. Mallow's ability to handle the fast horses in the top notch society of the tracks and to develop the green colts has won for him a deserved reputation for ability and the entire confidence of horsemen. That is attested by the pretentious outfit with which he enters the campaign of 1917.

A host of Washington friends of Mr. Mallow will follow his progress through the circuits this season with intense interest and horsemen all over the country will watch the ascending star of Mallow as those of Geers, Murphy, Snow and Cox are waning. "Wert" is fast driving his way to the very top in the horse world.

With the long string he takes with him this season the men who have so long held supremacy in the grand circuit must look well lest their honors be wrested from them by the Fayette county man even this season.

Everybody hereabouts hopes that the New Mallow Stables of horses with "Mallow up" will come home when the snow begins to fall next autumn with a record of success, second to none.

EDUCATION BOARDS WILL MEET TONIGHT

The Union and Marion township Boards of Education will meet at 6:00 o'clock tonight for the purpose of taking up the question of school consolidation, and at seven o'clock the county board is to meet and take the matter up.

The three boards and quite a number of interested taxpayers visited the districts, Saturday morning, and it is hoped that some definite arrangement will be made tonight that will solve the problem confronting the three boards.

NEW HOLLAND COMMENCEMENT

Terminating a successful year's work the New Holland commencement was held in the town hall Friday evening, with a large and highly appreciative audience.

Everything passed off with the utmost smoothness, oratory, music and flowers, the indispensable accessories of graduation, lending both attraction and interest.

The class address, given by Prof. William Dawson, of Antioch College, was of an exceptionally high order and the music furnished by the young men's orchestra of Chillicothe, was also well received.

The class of six graduates was represented on the program by Florence Strevey, in a fine oration "A Rift in the Clouds," a production very creditable to the bright young girl.

Supt. A. W. Stewart presented the diplomas, following an excellent short talk of commendation and encouragement.

Rev. P. W. Drumm and Rev. A. C. Mattern assisted in the invocation and benediction.

The members of the class were: Lena Anderson, Harry Armstrong, Leslie A. Bryant, Adah Collier, Florence Strevey, Faye Wood.

The high school has been under the able management of Supt. A. W. Stewart, Principal V. O. Graham, teacher, Miss Josephine Lieb.

The members of the Board of Education are J. T. Timmons, president; Scott Taylor, clerk; George Kirk, Dr. A. F. Kaler, J. J. Dones.

ELKS WILL HONOR ALL MEMBERS WHO ARE CONSCRIPTED

Washington B. P. O. Elks Launches Commendable Plan for Honoring All Elks in City and County Who Are Called to the Colors on June 5th.

The Washington Lodge of B. P. O. Elks is arranging for proper honoring of all members who are required to register for military service on June 5th—about 75 members of the lodge being included in the age limits specified for registration, and these members will be feted and dined and accompanied to the polls for registration.

The lodge will assemble at the lodge rooms at four o'clock on June 5th, and, headed by the Washington band, will form an escort of honor for the members who must register.

These members will march inside a hollow square, and the lodge as a whole, headed by the band, will march to the various registration places in the city so that the members may register.

Members who reside in the rural districts and must register outside of the city, are requested to do so early in the day, then come to this city and join the honor squad at the appointed hour.

Following registration of the eligible members, the lodge will march to the lodge rooms where an elaborate dinner will be given for the members who register. This is to be paid for by subscriptions, a large portion of which has been subscribed. The dinner will be free to all members who are required to register.

The plans of the local lodge are entirely original, and it is expected that other lodges of Elks will do something similar when they learn of the method decided upon here.

STINSON RECITAL FRIDAY NIGHT

Never was the Stinson School of Music more beautiful in its stage settings than last evening. Master Frank Boylan gave his piano program with Miss Ryan accompanist at the second piano, with splendid poise and ease. His work would have credited a boy very much his senior. He played with decision and splendid expression.

Jeanette Byron varied his program with songs and piano numbers. Mrs. Shockley's pupils played beautifully in their opening trio with Miss Speaks playing piano.

The fine playing of Roxie Shockley and Francis Hidy on two pianos deserves especial mention. It sounded like one piano, so perfect in time.

Georganna Snyder, a junior, closed the evening with a brilliant piano program. Her interpretation of Bach Prelude and Chopin Mazurka showed the temperament of an artistic pianist. Miss Forest Allen contributed an artistic monologue and graciously responded to an encore. Mrs. Stinson sang a beautiful contralto solo.

TAKING STEPS TO CLOTHE CITIZENS

(Associated Press Cable)

London, May 26.—In order to maintain the supply of clothing for the essential needs of the civilian population and to prevent extravagance in dress, the Central Wool Advisory Committee recommends that a limited number of standardized cloths should be manufactured for the home trade and made only partly of wool. It has been ascertained from a recently taken census that there is enough cloth in the country to clothe the population with reasonable economy for a year. This action has been taken in order to allow the greatest possible quantity of raw wool to be used for army purposes, the requirements of which are likely to be increased by the entry of America on the side of the Entente allies.

Poetry For Today

JUNE COMING.
 The dooryard is filled with yellow stars.
 The meadow is decked with blue.
 They are the bits of the sky that fell from on high
 When the yellow stars came through.

The beautiful world has been crying,
 I know,
 For the grass is all wet with its tears.
 But the robins are here with the songs of good cheer
 That they have been singing for years.

I am sure there's a wedding among the trees,
 They are all dressed in pink, green and white,
 And out on the air floats sweet perfume rare—
 It fills me with joy and delight.

The breezes are whispering beautiful tales
 Of days that will come very soon.
 When skies are the bluest, sweet summer the truest,
 The name of that time? It is June.

REFUGEES ESCAPE FROM TURK SHORES

(Associated Press Cable.)

Cairo, Egypt, May 26.—A family of refugees from Tripoli, Syria, has just arrived here, having escaped from Turkish territory in a boat of their own manufacture. The boat was constructed entirely at night, being built inside their house with the utmost secrecy. As soon as completed, it was launched late one evening in a rough sea. The journey to a place of safety was a terrible one, the occupants of the boat being much of the time waist deep in water and escaping sinking only through tireless and persistent bailing.

According to information brought by this family, the population of Jerusalem had been reduced about 60 per cent since the war. Some smaller villages, particularly on the northern coast of Lebanon have only one-seventh of their old population left, the remainder having either died or emigrated to the interior to escape starvation.

This year's crop in Syria is estimated at only 25 per cent the normal average. The price of bread in Beirut is about 30 cents a pound, or \$1 a pound in paper money.

The allied armies are commanded by middle aged men, and the German forces by middle aged men.

JAPANESE ACTIVE IN RESCUE WORK

Nearly 3000 Troops Rescued by Japs in Transylvania Sinking.

(Associated Press Cable.)

Tokio, Japan, May 26.—An announcement issued by the Admiralty today says that the British troop ship Transylvania, which was torpedoed in the Mediterranean on May 4, was being escorted by Japanese destroyers. The destroyers engaged the submarine.

According to the announcement, the Japanese rescued 2,800 out of 3,000 troops on the Transylvania, winning the praise of Japan's allies by their bravery.

OFFICIAL ACCOUNT.

The official British account of the Transylvania's sinking did not give the number of troops on board, but said that 29 officers, 373 of other ranks and 11 members of the crew lost their lives.

Announcement was made in London on Thursday night that light Japanese naval craft had arrived in the Mediterranean.

Electric Car Strikes Auto Near Akron.

By Associated Press Dispatch.

Akron, O., May 26.—Three persons were killed and three seriously injured when a Canton electric car struck an automobile east of Akron this afternoon.

The dead are: Mrs. H. A. Dellenberger, wife of a prominent Akron lumberman, Mrs. Adah Rolis, guest of Mrs. Dellenberger, Miss Hazel Dellenberger; the injured, one Dellenberger child and two of the Rolis children.

The victims were rushed to the hospital. Mrs. Dellenberger and Mrs. Rolis died enroute. The oldest Dellenberger child died at the hospital. The automobile was crossing the railway track when run down by the electric car.

An Unpleasant Possibility

No definite action has been taken by the school authorities up to this time but there is a proposal which, we regret to say, is being seriously urged and considered, with more than a possibility, too, of its being adopted, to eliminate music, domestic science, manual training and art from the course in the city schools.

Such action would not only be a tremendous loss to the schools but, we cannot help but feel, would be almost a calamity to the community.

The school authorities are confronted by cold and disagreeable facts in financial matters. They have reached the point where something must be done. Either expenses must be materially reduced or the revenue must be increased. Those are facts which admit of no argument. They have produced conditions which cannot be changed.

We do, not pretend, at this time, to be able to point the way out to the men who are face to face with the stern facts further than to state that we believe that the people of this city do not want the courses of study mentioned dropped out of the school course.

We have taken the liberty of acquainting the people with the hope that they will be patriotic enough to make their wishes known to the school authorities and that they will assist in solving the problem.

We believe that the people of the city will come forward with the required financial aid rather than suffer what, seems to us, to be an irreparable loss.

It really is a matter for the people to settle themselves. The remedy is with them. They cannot expect the members of the school board to perform the miracle of making one dollar do the work of two.

"Successes"

Lloyd George's speech in the House of Commons on Friday was decidedly the most optimistic announcement of conditions and prospects which the British premier has made since being called to the helm in the affairs of the Empire.

Of course it is pleasing to us that Lloyd George expressed appreciation of the services which American sailors have rendered since the entrance of the United States in the war.

It is vastly more important, however, that Lloyd George is able to, and does, announce that allied forces are scoring successes in the war against the submarine menace and that Great Britain and France are in no danger of being brought to the verge of starvation by the destruction of the world's commerce.

Just what plan of campaign the combined naval forces are following in their battle with the submarines is not known outside of official circles and it is not at all necessary that it should be. For the present at least the people of the nations most deeply concerned, are content that "successes" are being scored.

The ultra conservative British people have not, at least in their public utterances, made any attempt to minimize the submarine menace. They have steadfastly adhered to a policy of according to the campaign all the power which it could possibly have and have not even deigned to deny, Germany's wild claims for a certain success in the "ruthless" warfare.

Having maintained, so consistently, a policy of silence and magnifying rather than minimizing the menace of the submarines, coming at this time, the statements of Lloyd George are particularly encouraging.

A Scholarly Address

Dr. Cole's address to the graduating class of nineteen seventeen at the high school auditorium, Thursday evening was splendid. His subject, "The United States on the Map of the World," permitted Dr. Cole to present to the class and the large audience a discussion covering a wide range and to present some very important and some very startling facts about the geography of this nation, its people, its past and its manifest future.

In a pleasing manner, forceful, exact and simple the great lessons of history, as affecting the United States, were reviewed.

Dr. Cole is an excellent speaker, a deep thinker and a close student. He is original in ideas advanced, logical in his reasoning and, of course, remarkably convincing.

It is safe to assert that the members of the graduating class will never forget the facts which Dr. Cole arrayed so formidably in support of the arguments he presented Thursday evening.

It was one of the very best addresses a Washington audience has listened to in a long time. Full of information about things we should all of us—young and old—know about our native land the address was, at the same time, so interesting that, it is safe to say there was not one of his hearers who did not regret when the end came—even the restless young men and women on the platform anxiously waiting for their diplomas.

Poetry For Today

JUNE COMING.

The dooryard is filled with yellow stars.
The meadow is decked with blue,
They are the bits of the sky that fell from on high
When the yellow stars came through.

The beautiful world has been crying.
I know,
For the grass is all wet with its tears.
But the robins are here with the songs of good cheer
That they have been singing for years.

I am sure there's a wedding among the trees,
They are all dressed in pink, green and white,
And out on the air floats sweet perfume rare—
It fills me with joy and delight.

The breezes are whispering beautiful tales
Of days that will come very soon.
When skies are the bluest, sweet summer the truest,
The name of that time? It is June.

REFUGEES ESCAPE FROM TURK SHORES

(Associated Press Cable.)

Cairo, Egypt, May 26.—A family of refugees from Tripoli, Syria, has just arrived here, having escaped from Turkish territory in a boat of their own manufacture. The boat was constructed entirely at night, being built inside their house with the utmost secrecy. As soon as completed, it was launched late one evening in a rough sea. The journey to a place of safety was a terrible one, the occupants of the boat being much of the time waist deep in water and escaping sinking only through tireless and persistent bailing.

According to information brought by this family, the population of Jerusalem had been reduced about 60 per cent since the war. Some smaller villages, particularly on the northern coast of Lebanon have only one-seventh of their old population left, the remainder having either died or emigrated to the interior to escape starvation.

This year's crop in Syria is estimated at only 25 per cent the normal average. The price of bread in Beirut is about 30 cents a pound, or \$1 a pound in paper money.

The allied armies are commanded by middle aged men, and the German forces by middle aged men.

JAPANESE ACTIVE IN RESCUE WORK

Nearly 3000 Troops Rescued by Japs in Transylvania Sinking.

(Associated Press Cable.)

Tokio, Japan, May 26.—An announcement issued by the Admiralty today says that the British troop ship Transylvania, which was torpedoed in the Mediterranean on May 4, was being escorted by Japanese destroyers. The destroyers engaged the submarine.

According to the announcement, the Japanese rescued 2,800 out of 3,000 troops on the Transylvania, winning the praise of Japan's allies by their bravery.

OFFICIAL ACCOUNT.

The official British account of the Transylvania's sinking did not give the number of troops on board, but said that 29 officers, 373 of other ranks and 11 members of the crew lost their lives.

Announcement was made in London on Thursday night that light Japanese naval craft had arrived in the Mediterranean.

THREE DIE IN SECOND AUTO CRASH

Electric Car Strikes Auto Near Akron.

By Associated Press Dispatch.

Akron, O., May 26.—Three persons were killed and three seriously injured when a Canton electric car struck an automobile east of Akron this afternoon.

The dead are: Mrs. H. A. Dellenberger, wife of a prominent Akron lumberman, Mrs. Adah Rolis, guest of Mrs. Dellenberger, Miss Hazel Dellenberger; the injured, one Dellenberger child and two of the Rolis children.

The victims were rushed to the hospital. Mrs. Dellenberger and Mrs. Rolis died enroute. The oldest Dellenberger child died at the hospital.

The automobile was crossing the railway track when run down by the electric car.

EVENTUALLY, WHY NOT NOW?

FUNDS ARE SHORT DEPARTMENTS DROPPED

Owing to a lack of available funds the Board of Education at their last regular meeting decided to drop, for the present, three, and probably four departments of vital importance to the Public Schools.

The departments are music, art, Domestic Science and the Kindergarten.

Consequently three of these department teachers, Miss Elizabeth Sheen, Supervisor of Music, Miss Marie Grove, Art Supervisor, and Miss Irene Van Hynning, Domestic Science teacher, all of whom have been exceptionally capable in their branches have left for their distant homes with no expectations of returning, a fact sincerely regretted by school patrons and many personal friends.

In Social Circles

Seniors and Juniors stood together Friday night at the parting of the ways for one last retrospect.

The Junior-Senior banquet has been for years the brilliant social event of the commencement season and the class of 1918 put forth every effort to successfully vie with their predecessors in showing to the class of 1917 the same courtesy and in giving the most elaborate entertainment possible.

It was a perfectly planned affair, to which beauty of decoration, ready wit, appealing music and excellent catering all contributed to make a banquet well worth the name.

The splendid wide corridor of the High School building with its added attraction of stately and graceful art works, afforded just the right setting for the reception.

The Junior girls formed in a circle to receive the Seniors, flanked on the ends by the Junior boys. Surely there was never a prettier picture than that formed by the Junior and Senior girls in their dainty gowns of every rainbow hue and arms filled with flowers. After an hour of reception the march was formed to the big gymnasium, which had been transformed into a veritable conservatory, with trailing vines and fragrant blossoms. The class colors green and white were evident in over hanging festoons and the flowering branches which masked the stairway, wall and pillars.

The tables, set in the form of a hollow square, gleamed with silver and crystal, gorgeous loving cups of silver, lined with gold, a marked feature. Down the center of the snowy damask a bright note of color was found in red carnations which entwined spirea and amilax. Large flags guarded the head of the tables. Much artistic skill was shown in the decorating and the beauty of the scene was enjoyed equally with the delicious viands of a four course banquet served by caterers Severs.

The popular High School Coach

and teacher, Mr. C. A. Plyley, as toastmaster brought to the occasion a versatility and originality that lent impetus to the merry hour of toasting. Mr. Plyley prefaced the toasts with a potpourri of poetical nonsense that convulsed both Seniors and Juniors and recalled many hours of English.

Jay Burnett, one of the football heroes of the class of '18 made happy welcoming toast to the Seniors expressing the honor he felt in giving voice to the congratulations and welcome due the class of '17.

Paul Strevey responded on behalf of the Seniors with a bright little speech, tinged with solemnity in its closing forecast that it was a possible thing that the boys who had carried to victory on the gridiron the blue and white of '17 might be the ones to carry "Old Glory" to success in the trenches of Europe.

Miss Clara Thurston represented the Faculty in a beautiful toast of incentive and suggestion to the class. The program was diversified by vocal solos and a reading, Miss Roberta Stokesbury, whose promising soprano has been receiving much flattering comment during the commencement season, sang charmingly "Barcarolle" — Hoffman — and "My Jacqueminot" — Johnson with accompaniments play by Miss Kathleen Davis.

Miss Louise Larrimer displayed to the great pleasure of the guests the rare sweetness and sympathy of her contralto in "A Perfect Day" and sang "To Me Thou Art a Flower" as an encore. Miss Ruth Reid accompanied. A humorous dialect reading was delightfully given by Miss Mina French.

Interspersing these numbers the toastmaster called for impromptu toasts and the readiness and wit with which responses were made by Mal-low Hall, general chairman of the banquet, Lizzie Ellen Green, Wauna Mae Norris and June Lampe was thoroughly enjoyed by the guests. Mr. Plyley also threw in pertinent and

amusing stories and took an occasional fling at some unsuspecting victim.

"Hit the Mark," Supt. McClain as the toastmaster christened the head of the schools closed the toast hour with a brief and fluent address followed by hearty applause which testified to its full appreciation.

Miss Reid was called to the piano an with the singing of the class songs and "Star Spangled Banner" the Junior-Senior banquet ended.

No feature contributed more generously to the evening's pleasure than the splendid music furnished by Miss Mazie Kessler's orchestra, Miss Golda Ryan, pianist. The orchestra played continuously during the banquet and was constantly applauded.

Miss Jaunita DeWees gave a charming six o'clock dinner of six covers Friday night in honor of Miss Helen Bishop, who leaves Monday for Charleston, W. Va.

Green and white color scheme was prettily used.

After the dinner the guests enjoyed a slumber party at the home of Miss Ruth McVey.

Mrs. C. E. Haver entertained seventeen girls of her Sunday School Class of Grace church with a picnic at Rock Mills Friday. The girls had the jolliest kind of a time, with a fine picnic spread.

Misses Olive Hillery, Nello DeWitt and Jeanette Haver were guests with the class.

Mr. and Mrs. Willard S. Willis are entertaining the Saturday night auction bridge club.

RESIST ARREST AND PATROLMAN USES HIS PISTOL

Hayes and Tilden Taylor Arrested After Lively Scrimmage in Which Guns and Rocks Play Prominent Part.

When Hays and Tilden Taylor, colored, resisted arrest at their home on Gregg street, between seven and eight o'clock Friday night, a tragedy was nearly enacted when it was necessary for the officers, Patrolmen Bell and Haggard, to pull their guns in self defense. Three shots were fired by Patrolman Bell, none of them taking effect.

The failure of Haggard's pistol to respond to his efforts to use it probably saved the life of one of the men during the scrimmage, the safety catch on the officer's gun becoming jammed at a crucial moment.

The two officers went to arrest Hays Taylor after he had made an assault upon Guy Harris, white, who resides near their home, and had been beaten off by Harris who used an iron poker.

When the two officers arrived, driven by George Melvin, Taylor refused to go and his brother, Tilden, took a hand in the affair. In a moment utmost confusion reigned, and the interior of one room was badly wrecked. The scrimmage was carried into the yard and when one or both of the men commenced hurling stones at the officers, the patrolmen drew their guns. Hays Taylor was placed under arrest and landed in the county jail, and Saturday morning his brother also was locked up.

Melvin sustained some bruises where he was struck by flying stones, and Haggard also suffered painful injuries. The officers made liberal use of their maces before their prisoners submitted.

Charges of drunk and resisting officers in the discharge of their duty, were placed against the pair, and their hearing set for Saturday afternoon.

COLORED RECRUITS WANTED AT ONCE

A call is made for 15 colored recruits from this city and county to be enrolled in Company B, Columbus, and any able-bodied colored men between 18 years and 45 years is eligible.

Colored men desiring to enlist for the defense of their country and the

purposes upon which the government is founded, are requested to apply at once at the Armory in this city, where their applications will be taken and forwarded at once to the commander of Company B, Columbus.

All applicants should file before Tuesday of next week, as the time is limited.

DRAWS \$108.65 FOR ONE SPREE

Because he was driving an automobile while intoxicated, thus endangering the lives of his passengers, the lives of others and his own life, Leo Gallagher, hailing from London, Ohio, was arrested in this city Friday afternoon and fined \$100 and the costs, amounting to a total of \$108.65.

Gallagher had been employed to carry a man and his family from London to Waverly, and when near Good Hope Gallagher's condition became so bad that his passengers had him turn about and come to this city, where they notified the police and the man was locked up.

When he appeared before Mayor Oster he was given the limit, and failing to pay was remanded back to the county jail.

Saturday morning the fellow made arrangements with the Madison County Bank for payment of the amount, and this was wired later in

the day and Gallagher released. "Any man who drives an automobile while intoxicated, and is brought before me, nee expect no leniency," declared Mayor Oster in dealing with the man's case.

NEW POSTOFFICE BID IS \$78,500 MAY READVERTISE

The Ohio Building and Construction Company, of Cincinnati, was the only bidder Friday for constructing the new postoffice building in this city, and it is understood the bid did not conform with the specifications, so that it may be necessary to re-advertise. The fact, too, that there was only one bid may make it necessary for re-advertising again.

The bid of the Ohio Building and Construction Company was \$78,500, which is many thousand dollars in excess of the funds available for building the structure.

This bid was for either limestone or sandstone construction, and not brick construction as provided for in the specifications.

The Treasury Department has not announced what action will be taken, but this will be known within the next few days.

MINISTERS WILL URGE PURCHASE OF LIBERTY BOND

Campaign for Placing Fayette's Portion of the War Bonds Is Launched in Real Earnest—Bonds Same as Cash and a Good Investment—Banks Do Not Receive One Cent for Work.

The campaign for the sale of Liberty Loan Bonds is now on in real earnest in Fayette county, and Fayette countians will hear of the bonds through pulpit and press and in many other ways during the next two or three weeks in order to insure this county's not being a "slacker" in doing her part toward financing the war. Sunday every minister in the city and many in other parts of the county will impress upon their auditors the sacred and patriotic duty of investing in the Liberty Bonds, and banners will be displayed in the various churches.

It should be known in the beginning that the bonds may be purchased at any bank in Fayette county; that the bankers do not receive one cent for handling the bonds, and are pushing the sale of them because it is a patriotic duty. The bankers also are buying liberally of the bonds themselves.

Another thing the average citizen does not know about the bonds is that they are virtually the same as so much cash, and can be cashed at any time. They bear 3½ per cent interest, and are as good as gold in every particular. The interest is paid semi-annually, and the principal, of course, is paid in full like any other bonds. They are non-taxable.

Orders for the bonds will be taken by any bank in Fayette county or in fact in any county, and immediate purchase of the bonds is urged on the part of everyone who has \$50 or more to invest.

C. H. & D. TO SELL AT AUCTION UPON DAYTON STREETS

The Cincinnati, Hamilton & Dayton Railroad will be sold at public auction on June 7th, at 2 o'clock, at the point where the road crosses Germantown Avenue, in the city of Dayton.

Deep interest centers in the sale of this road, and the sale will mean much to this city and community, it is expected.

If the B. & O. is the highest bidder, extensive improvements of the road will probably be made in the near future so that it may be used as a branch of the B. & O. and the name will, in all probability, be changed from that of the present.

Two or three large railway systems are said to have an eye on the property.

ILLEGAL FISHERS DRAW USUAL \$25

Albert Harris, colored, and Roy Greisheimer, white, both of the Chillicothe community, were placed under arrest and convicted of using a drag line for fishing, this week, the arrest being made by Deputy State Game Warden Frank Hard of this city.

Harris was taken before Squire Search of Kingston, found guilty and fined \$25 and costs. Greisheimer was taken before Squire Miller in Chillicothe.

Every Day Now is Liberty Day BUY A BOND!

We can't all FIGHT, but we can all PAY! And if we don't pay ONE WAY, we will another. Would you take a LIFE for FIFTY DOLLARS?

You would NOT—but you are doing JUST THAT, if you don't buy a bond.

A LIBERTY BOND means exactly what it is intended to mean. Buying a BOND MEANS SAVING A LIFE. Not your own necessarily, but just the same, a LIFE! We can't expect OUR BOYS to FIGHT, AND DIE, AND PAY, TOO. They're doing enough. They are doing ALL they can do—all WE are asking THEM to do.

They are offering LIFE itself. THEY are PATRIOTS. These BOYS OF OURS in khaki have a SMILE on their lips, with STRENGTH in their strong, young bodies, and are possessed of an incredible FEARLESSNESS.

Suppose YOU with your MONEY might insure the life of an entire company of boys—boys you know and see every day—would you sacrifice a little of your own pleasure, your own ease, to PAY UP AND END THE WAR?

Every bank in Fayette county has subscribed generously for Liberty Loan Bonds in order that the people may obtain them without any trouble, annoyance or delay. Remember a Liberty Bond is a good investment—absolutely safe and pays 3½ per cent. interest.

Your government wants to borrow your money. Your banker, with absolutely no hope of profit, has made it possible for you to loan it. This paper is, without compensation, advising you. Your minister will talk to you. You have a religious, a patriotic duty to perform.

30 DIE IN TORNADO

(By American Press)

Wichita, Kan., May 26.—Thirty persons were instantly killed and fifty or more injured, when a tornado struck Andale, Kan., a town of 240 inhabitants, and vicinity.

Six of the injured may die. The property damage was large.

Between Andale and Newton, a path from a quarter to a half mile wide was swept bare by the twister, many substantial residences and barns in one of the richest farming sections of the state being torn to splinters. Ten persons were killed near Sedgwick. Three lives were lost south of Newton.

The storm approached from the southwest and dropped to the ground, two miles before reaching Andale, leveling houses, trees and fields in its path. A warning cry of a man who heard the roar sent the occupants of the general store scurrying into the basement just as the twister struck the building, cutting it in half and settling the roof upon the floor. A dozen lives were saved in the store by the prompt dive into the cellar.

Henry Rausch and his daughter, probably were the first victims, their residence being blown asunder as if by an explosion and the two occupants beaten to death by the flying timbers. Mrs. Schmidt and her small daughter were struck down and killed as the mother ran to a place of safety. The child was found clutched in her arms. Mrs. Klein and three children were buried in the wreckage of their cottage and never had a chance to escape.

The Missouri Pacific depot was demolished, but the agent escaped after hastily setting his clock signals.

Hail followed the tornado and reports tell of serious damage to standing grain and fruit in a wide section.

ACCUSED IN THE BROWN MURDER CASE DENIED BOND

Concerning the habeas corpus proceedings in the case in which two prominent young men of Red Key, Indiana, are accused of the murder on January 29, 1916, of Roy Brown, former resident of the Good Hope community, the Daily Sun, of Portland, Indiana, says:

"Ray Landess, co-defendant with William Fishback in the joint indictment charging him with the murder of Roy Brown, was denied liberty under bond by Judge McGriff, on Tuesday forenoon, shortly after nine o'clock, when the court's decision on the habeas corpus proceeding. Monday, was given. Landess, who was in the court room at the time, continued unmoved, so far as outward appearances were concerned, same as has characterized his actions on each appearance in the court room."

TEUTON SPIES ARE MENACE

(By American Press)

Washington, May 26.—That German spies not only still are at work in this country, but that they have a swift and sure means of communicating America's war secrets to the fatherland, is indicated in a cablegram from Rear Admiral Sims, who is now in London.

Admiral Sims reported to the navy department that four days before the American destroyer flotilla arrived abroad, Berlin knew it was on the way and to what port it was going and the day before the vessels steamed into Queenstown German submarines had strewn mines about the harbor entrance.

The admiral said his information was positive. His dispatch was not made public and for obvious reasons nothing will be given out concerning how the news came into his possession, nor about the precautions which defeated the German plans and enabled the flotilla to speed safely through the mine fields.

Immediate publicity was given the salient fact, however, the department making clear that its purpose was to let the people know of the activity and success of Teutonic spies and to emphasize the necessity for absolute secrecy of naval operations or ship-movement.

The destroyers, now aiding in the hunting for submarines in European waters under the direction of Admiral Sims, put into port at Queenstown on May 16. How long they were in crossing the Atlantic or from what port they sailed never has been announced, and until word of their arrival came by cable, few people in the United States even knew of the government's decision to send warships to Europe.

No official word comment on the possible means by which the news was conveyed to Germany. If it did not go from a secret wireless plant it must have been carried in some code dispatches that the allied cable censors passed as innocent. The result will be to redouble the vigilance both of censors and of every agency of the government engaged in rooting out the spy system. Every German known to have been connected with the espionage work of his government already is under arrest or under surveillance.

27 LEADING RACE DRIVERS READY FOR CINCINNATI EVENT

Twenty-seven of the leading auto race drivers of the world already are officially entered to start in the 250-mile international sweepstakes race at the Cincinnati Speedway on Decoration Day, May 30, and it is certain that this number will be increased to more than thirty before the entry lists close.

Starter Fred Wagner, who will handle the flag in the various events, is authority for the statement that the field will be the classiest that ever started in an auto race anywhere, and that, in his opinion, a number of records will be shattered in the big event.

The principal race of the day will be called at 2:30 o'clock with the following starters already assured: Ralph De Palma, Packard; Barney Oldfield, Oldfield-DeLage; Earl Cooper, Stutz; Ralph Mulford, Hudson; Ira Vail, Hudson; Pete Henderson, Mercer; Joe Thomas, Mercer; Walter Haines, Mercer; Eddie Hearne, Duesenberg; Billy Taylor, Newman Special; Louis Fontaine, Mercedes; Louis Chevrolet, Frontenac; Jos. Ostewig, Ostewig Special; George Buzane, Duesenberg; Tom Milton, Duesenberg; —, Detroit Special; R. T. McNay, McNay Special. Additional Stutz, Hudson and Olsen entries are expected before the qualification trials are closed.

Large entry lists also have been received for the three non-professional races, which will precede the 250-mile event, assuring a diversified program throughout the day. The aviation flight by Ruth Law, Katherine Stinson, Baxter Adams and Billy Brock will begin at about 10 o'clock.
